*Learn how AI can expand your pleasure, insight, and relationships—on your terms.*

Written by a clinical sexologist and sextech journalist.

- Human-centered guidance for developing meaningful, ethical, and emotionally satisfying AI interactions.
- Step-by-step advice on choosing safe, authentic chatbot platforms and avoiding costly pitfalls.
- Open, shame-free discussions about digital intimacy, fantasy, and embracing desire on your terms.
- Personal stories, solutions, resources, bibliography.

## **Reviewers Say (4.8 average rating)**

*5.0 out of 5 stars*

A brand new look at sexuality, and reality itself!

Amy Marsh's writing style and "beyond this world" imagination made "How To Make Love To A Chatbot: The Thinking Human's Guide to AI Erotic Roleplay" a must read for anyone interested in AI, or just anyone interested in a future world of human sexual relationships in general. A real page turner!! —Michael Holman, screenwriter, filmmaker, artist
